

Attention Pool League Players:

I apologize for the delay posting the stats this week. All stats will be posted on the website by Saturday Night. If we receive all the stats before Saturday then we will try to post them sooner. There have been some players that have stated they are having issues with seeing the stats on the website. We have contacted our IT person who has told us that it is not on our side. The people who are having issues must clear their cache. We have attached instructions on how to do that on the pool league main page. Also remember to refresh your page. We apologize for any inconvenience that this has caused you.
